EASA Certified

Beechjet 400/400A Starter Generator and G.C.U. Overhaul

Contact us for a quote on your next overhaul and we will give you a \$100.00 discount off the basic overhaul charge.

Our Quality, Customer Service & Quick Turns make us the best source for your Flight Department's needs.

Any possible above normal overhaul items will be quoted to you in writing for your approval before we proceed with repairs. Normal turn time is 3/5 work days on basic overhaul, A.O.G. service available!!

We also have repair capability for engine inlets, flight controls, main gear doors and wing tips.

Contact Mike Harrison, Dan Liga or Gary Henricksen
